

MAT 485, Spring 2013
Differential Equations and Matrix Algebra for Engineers
SYLLABUS

Course Supervisor: Professor Dan Coman, 317D Carnegie, 443-1496, dcoman@syr.edu

Learning Goals: Solutions of ordinary differential equations, Laplace transforms, vector spaces, matrix algebra, linear systems, eigenvalues and eigenvectors.

Prerequisites: MAT 397. Credit cannot be given for both MAT 485 and MAT 514 or for both MAT 485 and MAT 331. MAT 485 does not count towards mathematics major, and students in CIS should not take it.

Text: *Differential Equations & Linear Algebra (Second Edition)* by Farlow, Hall, McDill, and West, Prentice Hall, 2007. We expect to cover Chapters 1-8 with some omissions. The sections to be covered and the list of assigned homework problems from every section are given below.

Exams: There will be two tests during the semester and a cumulative final examination, as well as graded homework and/or quizzes. The dates for the exams and the due dates for the homework will be announced in class by your instructor. The course grade will be computed as follows: each semester exam is worth 25%, homework, quizzes, and class participation 15%, and the final exam 35% of your grade.

Make-ups: No make-up examinations will be given. If you expect to miss an examination for a legitimate reason, discuss this, in advance, with your instructor, who may then substitute the relevant score from your final examination for the missing exam. Late homework will not be accepted.

Students with Disabilities: If you believe that you need accommodations for a disability, please contact the Office of Disability Services (ODS), <http://disabilityservices.syr.edu>, located in Room 309 of 804 University Avenue, or call (315) 443-4498 for an appointment to discuss your needs and the process for requesting accommodations. ODS is responsible for coordinating disability-related accommodations and will issue students with documented disabilities Accommodation Authorization Letters, as appropriate. Since accommodations may require early planning and generally are not provided retroactively, please contact ODS as soon as possible. Making arrangements with ODS takes time. Do not wait until just before the first test.

Academic Integrity: Syracuse University sets high standards for academic integrity. Those standards are supported and enforced by students, including those who serve as academic integrity hearing panel members and hearing officers. The presumptive sanction for a first offense is course failure, accompanied by the transcript notation "Violation of the Academic Integrity Policy". The standard sanction for a first offense by graduate students is suspension or expulsion. Students should review the Office of Academic Integrity online resource "Twenty Questions and Answers About the Syracuse

University Academic Integrity Policy” and confer with instructors about course-specific citation methods, permitted collaboration (if any), and rules for examinations. The Policy also governs the veracity of signatures on attendance sheets and other verification of participation in class activities. Additional guidance for students can be found in the Office of Academic Integrity resource: “What does academic integrity mean?”

Religious Observances: Syracuse University's religious observances policy, found at http://supolicies.syr.edu/emp_ben/religious_observance.htm, recognizes the diversity of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holy days according to their tradition. Under the policy, students are provided an opportunity to make up any examination, study, or work requirements that may be missed due to are religious observance provided they notify their instructors before the end of the second week of classes. For fall and spring semesters, an online notification process is available through MySlice (Student Services -> Enrollment -> My Religious Observances) from the first day of class until the end of the second week of class.

MAT 485 – Spring 2013 – M001 & M002

Instructor: Dr. Qi Ye

Office: Carnegie 207

Phone: 315-443-1498

Email: qiye@syr.edu

Course Time: MWF 10:35-11:30AM (M001), 11:40-12:35AM (M002)

Course Room: Carnegie 313 (M001), Carnegie 311 (M002)

Office Hour: MWF 1:30-2:30PM

Grade:

Homework (10%)

Quizzes (5%)

Two in-class exams (25% each)

Final exam (35%)

Remark: *Solving the homework problems is crucial in order to succeed at exams and quizzes!*

The mandatory homework problems are specified in the Syllabus. Homework due dates are every Wed in class and late homework will not be accepted.
