WebAssign: You will need to create your WebAssign account at <http://www.webassign.net> in order to submit your on-line homework. You will “self enroll” into this section of MAT 295 by using the following class key: syr 5614 0217. You should set up your account using your SU username and SU email address. Please do this today! You will also need to enter an access code to continue using WebAssign. See syllabus for further details.

Exam Dates:

Exam 1 September 19 (Friday)
Exam 2 October 17 (Friday)
Exam 3 November 14 (Friday)

Help: Your instructor will go over selected homework problems during class. In addition, your instructor will regularly arrive several minutes before class and will stay after class to answer questions from students. She is also available during her office hours, or by appointment, or any time via email. Students are encouraged to take advantage of the help offered in the Calculus Clinic and the Math Clinic, located on the first floor of Carnegie. The hours are posted outside 215 Carnegie and <http://math.syr.edu/Help.htm>.

Homework: Homework for the entire semester is listed on the Homework Sheet posted on Blackboard. Due dates for the on-line portion are posted on-line. Written problems will not be collected. Some variations from the list of homework exercises may be announced in class or online. It is essential to do all the homework assignments in a timely fashion.

Quizzes: Starting from the second week of classes, there will be a quiz in recitation similar to the homework problems. The specific sections covered by each quiz will be announced in lecture. There will be no make-up quizzes. The lowest two quiz scores will be dropped.
