WebAssign: You will need to create your WebAssign account at http://www.webassign.net in order to submit your on-line homework. You will "self enroll" into this section of MAT295 by using the following class key: **syr 7703 7999**. You should set up your account using your SU username and SU email address. Please do this today!

You will also need to enter an "access code" to continue using WebAssign. See the course website and syllabus for further details!

Clickers: You should purchase a Turning Point Response Card RF Keypad (Product ID: RFC-02) or Response Card RF LCD (Product ID: RFC-03) at the SU bookstore. Any Turning Point clicker will be satisfactory for this course. If you purchase a new textbook, it will come with a rebate coupon for a new clicker. You may also purchase a used clicker at the SU bookstore. You may also use the ResponseWare app on your smartphone. See the course website for more information.

You should **always** bring your clicker to class with you. Under no circumstances should you bring a clicker to class that is not yours; under no circumstances should your clicker be in class without you! To do so would be a violation of the Academic Integrity Policy.

Exam Dates: **Exam #1:**   September 19
                                      Exam #2:   October 17
                                      Exam #3:   November 14

Help: Your instructor will go over selected homework problems during class. In addition, your instructor will regularly arrive several minutes before class and will stay after class to answer questions from students. He is also available during his office hours, or by appointment, or any time via email. Students are encouraged to take advantage of the help offered in the Calculus Clinic and the Math Clinic, located on the first floor of Carnegie. The hours are posted outside 215 Carnegie and http://math.syr.edu/Help.htm.

Homework: Homework for the entire semester is listed on the Homework Sheet on the course website. Due dates for the on-line portion are posted on-line. Some of the written problems will be collected at the beginning of class on Friday; this homework will be graded. Some variations from the list of homework exercises may be announced in class or online. It is *essential* to do all the homework assignments in a timely fashion.

Quizzes: A short quiz will be given each week during recitation. Quizzes may be given during lecture as well.
