### IMPORTANT

2. (This) supplement for my sections (from my web page)
3. My lecture, quiz, and exam schedule (from my web page)

- **Keep two notebooks**, one for lecture notes and one for doing problems. Do not work your online problems on random scraps of paper! Else chaos ensues.
- Online homework sets are on WebAssign. After the due date, you can see the solutions there. Before the due date, there are help links. Max 5 attempts on each. Be warned that often **several** sets are due on the **same** day.
- Written homework sets will be posted on my webpage.
- Recitation is every week. It involves active group work and a quiz at the end.
- Last half of course: huge increase in abstraction!
